Remarks:

- The maximum approved credits for cross-departmental courses are limited to 12 credits for graduation. Credits from other cross-departmental courses will be considered only after completing a minimum of 6 credits from interdisciplinary courses offered by each college (Committee of General Education). The specific interdisciplinary courses offered by each college (Committee of General Education) will be determined separately.
- 2.Minimum Graduation Credits: 130 credits (including Common Required/Elective Courses: 14-16 credits, General Education Required/Elective Courses: 14 credits, College-designated Required Courses: 6 credits, Major Required Courses: 55 credits)
- 3. The maximum approved credits for cross-departmental courses are limited to 12 credits for graduation
 4. Physical Education Courses: Mandatory in the first year (2 credits), elective in the second, third, and fourth years, with a maximum of 4 credits approved for graduation.
